Microsoft Recruitment Challenges

GTP Tech
RECRUITMENT

Delivering **successful** Microsoft projects isn't just about technology - it's about having the ***right people*** on board. Hiring in today's market can be challenging:

Talent shortages

Highly skilled experts are in **high demand** & short supply

Rare skill mix

Projects needing Consultants with **technical expertise** & **customer-facing competencies**

Costly delays

Slow hiring processes result in skill gaps, missed deadlines & impaired projects

How We Can Help

GTP Tech
RECRUITMENT

Founded in 2016, GTP Tech is a highly specialised permanent recruitment firm focused entirely on **Microsoft Dynamics and Power Platform**

Proven success helping Microsoft Partners and businesses grow **high-performing** technical and sales teams

Deep understanding & relationships within the Microsoft eco-system and pre-qualified networks

Personalised, professional & high-quality recruitment approach tailored to your unique business needs

Key Technology Areas

GTP Tech
RECRUITMENT

Microsoft Power Platform

What Our Customers Say

GTP Tech
RECRUITMENT

*Gemma has been a fantastic partner. The calibre of candidates she introduced was superb, demonstrating her **deep understanding of our needs and the Microsoft partner ecosystem**. Her responsiveness and professionalism throughout the process have been **first-class**, ensuring a smooth and efficient experience.*

Sales Director
Jan 2025

*I've been working with GTP Tech for 3 years. They've placed several outstanding candidates in the company, helping build the business in a hyper-growth phase internationally. They are refreshing to work with over other agencies as they **listen to what we need and deliver results.***

Global Talent Lead
May 2023

*We had a fantastic experience working with Gemma on our recent hiring process. What stood out most was her commitment to **quality over quantity**. We wouldn't hesitate to work with her again and would wholeheartedly recommend her to anyone serious about building high-performing teams.*

Managing Director
June 2025

What Our Candidates Say

Gemma contacted me about a couple of potential roles that matched my skillset.
We had a great initial conversation & she understood where I was, how I was feeling & where I wanted to be.
The interviews were set up quickly & Gemma kept in touch throughout.
I wouldn't hesitate to recommend her (& already have several times!)

Lynsey Winchurch
Lead Power Platform Consultant
Placed with CPS July 2025

My experience with Gemma was truly enjoyable. She expertly guided me through a new opportunity from the initial conversations to securing the role. Thank you for your knowledge, positivity, honesty and your excellent communication.

Val Bond - Project Director
Placed with DigPacks Jan 2025

Working with Gemma to secure my new role was incredible, she is an exceptional individual, providing genuine support throughout the entire process. I managed to land a fantastic role and am so grateful for her help. It has been an absolute pleasure working with her.

Chloe Winyard - Marketing Manager
Placed with Venture Systems
March 2025
